DOCUMENT IMAGING SOLUTIONS

RVI EXPRESS SOLUTION

Companies are looking for a low cost imaging solution with a rapid ROI. The RVI Express solution is a full function, digital imaging system that has the ability to expand as needed. This affordable solution is a great way to get rid of paper and allow access to documents/reports immediately in the office or over the internet.

RVI Complete Imaging System with a 10 Concurrent User License

RVI Express

\$12,000.00 *

Start your imaging project with a single department or application and as the imaging needs expand, RVI "Express" can easily and cost effectively advance past the 10 user license to the unlimited user license.

*RVI support fee \$1,800, 15% of the License Fee, additional hardware, installation services, training, shipping and applicable taxes are not included in the price stated above
